**Abdomen, acute**

Computed tomographic diagnosis of small-bowel volvulus: case report (Chen and others) (GIR) 183

**Absorptiometry, dual-energy x-ray** See **Densitometry, x-ray****Accidents, radiation**

*Belarus: From Soviet Rule to Nuclear Catastrophe.* David R. Marples (Lentle) (BR) 282

**Acute cellular rejection** See **Graft rejection****Adenomyoma**

Adenomyoma of the common bile duct imaged with endoscopic ultrasonography: case report (Asch and others) (GIR) 101

**Adenopathy** See **Lymph nodes****Adult**

Complications after gastric transposition in children (Macksood and others) (PR) 259

The radiographic prevalence of hilar and mediastinal adenopathy in adult cystic fibrosis (Don and others) (TR) 265

**Age factors**

Stratification of prostate-specific antigen level and results of transrectal ultrasonography and digital rectal examination as predictors of positive prostate biopsy (Clark and others) (IR) 252

**Anastomosis, surgical**

Liver transplantation: review of the literature.  
Part 1: Anatomic features and current concepts (Patenaude and others) (GIR) 171  
Part 2: Vascular and biliary complications (Patenaude and others) (GIR) 231

**Anatomy**

Liver transplantation: review of the literature. Part 1: Anatomic features and current concepts (Patenaude and others) (GIR) 171

**Aneurysm**

Ascending aortic pseudoaneurysm masquerading as pulmonary embolus: case report (Murphy and others) (TR) 270

Fibromuscular dysplasia of the renal artery — rapid progression with formation of aneurysm: case report (Langis and others) (GUR) 8

Liver transplantation: review of the literature. Part 2: Vascular and biliary complications (Patenaude and others) (GIR) 231

Radiologic diagnosis and management of uterine artery pseudoaneurysm: case report (Bromley and others) (IR) 119

Thrombosed fusiform basilar aneurysm associated with Klippel-Trenaunay-Weber syndrome: case report (Ouellet and others) (NR) 28

**Angiodysplasia**

Liver transplantation: review of the literature. Part 1: Anatomic features and current concepts (Patenaude and others) (GIR) 171

**Angiography**

Case of the month #44. Intralobar pulmonary sequestration in the right lower lobe (Orme and Pugash) (RC) 51

Embolization of apparently normal pulmonary arteries as a treatment for hemoptysis: case report (Millward and others) (IR) 19

Fibromuscular dysplasia of the renal artery — rapid progression with formation of aneurysm: case report (Langis and others) (GUR) 8

High-flow priapism — recurrence after initially successful selective coil embolization: case report (Millward and others) (IR) 105

Peripheral magnetic resonance angiography: review of techniques, indications and artifacts (McLennan and others) (IR) 108

Renal angiomyolipomas: long-term follow-up of embolization for acute hemorrhage (Hamlin and others) (IR) 191

Thrombosed fusiform basilar aneurysm associated with Klippel-Trenaunay-Weber syndrome: case report (Ouellet and others) (NR) 28

**Angiography, digital subtraction**

Comparison of two-dimensional time-of-flight dynamic magnetic resonance angiography with digital subtraction angiography in popliteal artery entrapment syndrome (Forster and others) (IR) 11

**Angiomyolipoma**

Renal angiomyolipomas: long-term follow-up of embolization for acute hemorrhage (Hamlin and others) (IR) 191

**Aorta**

Ascending aortic pseudoaneurysm masquerading as pulmonary embolus: case report (Murphy and others) (TR) 270

**Aortography**

Case of the month #44. Intralobar pulmonary sequestration in the right lower lobe (Orme and Pugash) (RC) 51

Fibromuscular dysplasia of the renal artery — rapid progression with formation of aneurysm: case report (Langis and others) (GUR) 8

Renal angiomyolipomas: long-term follow-up of embolization for acute hemorrhage (Hamlin and others) (IR) 191

Thrombosed fusiform basilar aneurysm associated with Klippel-Trenaunay-Weber syndrome: case report (Ouellet and others) (NR) 28

**Arterial occlusive diseases**

Comparison of two-dimensional time-of-flight dynamic magnetic resonance angiography with digital subtraction angiography in popliteal artery entrapment syndrome (Forster and others) (IR) 11

**Arteries**

Radiologic diagnosis and management of uterine artery pseudoaneurysm: case report (Bromley and others) (IR) 119

**Arteriovenous fistula** See **Fistula****Arteriography** See **Angiography****Arthrography**

Arthrographic effect induced by therapeutic ultrasound in magnetic resonance imaging of the wrist: a preliminary investigation (White and others) (MSR) 348

**Artifacts**

- Peripheral magnetic resonance angiography: review of techniques, indications and artifacts (McLennan and others) (IR) 108

**Ascending aorta See Aorta****Athletic injuries**

**Biopsy**

- Ethical issues in interventional radiology (Roebuck) (L) 359

**Biopsy, needle**

- Stratification of prostate-specific antigen level and results of transrectal ultrasonography and digital rectal examination as predictors of positive prostate biopsy (Clark and others) (IR) 252

**Body temperature**

- Correlation between thermosensor temperature and transrectal ultrasonography during prostate cryoablation (Steed and others) (GUR) 186

**Bone and bones**

- Etidronate therapy decreases the sensitivity of bone scanning with methylene diphosphonate labelled with technetium-99m (Murphy and others) (NM) 199

**Bone cysts, aneurysmal**

- Aneurysmal bone cyst formation within a chondroblastoma: case report (Garces and others) (MSR) 25

**Bone density**

- Selective supplementation of calcaneal ultrasound densitometry with dual-energy x-ray absorptiometry of the spine and femur for population screening (Rosenthal) (NM) 38

**Bone neoplasms**

- Aneurysmal bone cyst formation within a chondroblastoma: case report (Garces and others) (MSR) 25

- Etidronate therapy decreases the sensitivity of bone scanning with methylene diphosphonate labelled with technetium-99m (Murphy and others) (NM) 199
